

Tobacco Control Network

OUR MISSION: To improve the public's health by providing education and state-based expertise to tobacco prevention and control at the state and national levels.

WHO WE ARE: The TCN is a network of tobacco control program managers and additional staff from each state, territory, and D.C., allowing the network to access a wealth of expertise from across the country.

WHAT WE DO: The TCN is a coordinated effort that acts as a catalyst for change in the tobacco control movement by:

Facilitating knowledge exchange by keeping its members informed about state and national happenings and promoting the sharing of policy and programming strategies through email alerts, the Tobacco Free Press e-newsletter, webinars and the TCN website

Fostering leadership development through member support services and the peer mentoring program

Collaborating with partners at all levels of tobacco control to promote effective policy strategies, sustain comprehensive tobacco control programs, and eliminate tobacco-related health inequities

WAYS TO PARTICIPATE: The TCN is a member-based organization established for state and territory based tobacco control program staff. There are many resources for members and many of these are accessible to partner organizations.

Members can take advantage of the TCN's resources, join a committee or workgroup to address a particular topic or issue, share strategies and updates with other members, or simply use the network to keep up with emerging tobacco prevention and control news and activities.

Partners can utilize the network to communicate key messages and share resources with state and territory program staff, join the network on discussions or workgroups to address critical issues affecting states, and take advantage of various TCN information-sharing outlets.

CONTACT US: To learn more about the TCN's resources, current policy and program priorities, and to find out how you can participate, please visit our website at www.ttac.org/TCN or email tcn@sph.emory.edu.

OFFICERS

Karen Girard, Chair (OR)
Miranda Spitznagle, Chair-Elect (IN)
Sally Herndon, Immediate Past Chair (NC)

STAFF

Alison Sipler, Program Director
Carissa Beatty, Program Coordinator
Madeleine Solomon, Policy Advisor

The TCN is a recognized leader in tobacco control. It represents state and territory tobacco control program interests, is a critical source of information and advocacy, and strives to be a catalyst for change in the tobacco control movement.
