

State	1. What agency is responsible for Synar enforcement in your state?	2. What agency performs routine random state compliance checks?	3. How is your state dealing with the RFP - who is the responding agency, and how did you make the determination?	4. If the agency responding to the RFP is the same one responsible for Synar enforcement and compliance checks, will the same agency continue to do both of these tasks plus FDA enforcement?
Arkansas	Arkansas Department of Human Services - Division of Behavioral Health Services – Alcohol and Drugs Abuse Prevention (ADAP)	Arkansas Tobacco Control (ATC)	ATC	At this time, we have not addressed how this will be handled in the future.
California	California Department of Public Health, Food and Drug Branch.	California Department of Public Health, Food and Drug Branch.	California Department of Public Health, Food and Drug Branch.	Yes
Indiana	Alcohol and Tobacco Commission	Alcohol and Tobacco Commission	Alcohol and Tobacco Commission	Yes
Iowa	Iowa Department of Public Health (IDPH) Division of Tobacco Use Prevention and Control	The Division contracts with the Alcoholic Beverages Division which, in turn, subcontracts with local law enforcement agencies to conduct the checks.	Iowa Department of Public Health (IDPH) Division of Tobacco Use Prevention and Control	The details have yet to be determined, but we know at this point that IDPH will be responsible for enforcement of all three tobacco retail sales laws. FDA enforcement will be done in-house at IDPH.
Michigan	Michigan Department of Community Health's Bureau of Substance Abuse and Addiction Services (BSAAS), Prevention Section	BSAAS, Prevention Section	BSAAS, Prevention Section	BSAAS will take the lead on enforcement of Section 907 and 911 of the TCA; however, the Tobacco Section at the Michigan Department of Community Health anticipates being the lead MDCH program for FDA FOAs issued in the future.

Minnesota	MN Department of Human Services	Local municipal government, i.e., counties &/or cities towns are responsible for licensing. No state agency performs routine random state compliance checks.	TBD	TBD
Missouri	Missouri Department of Mental Health, Division of Alcohol and Drug Abuse	Missouri Department of Public Safety, Tobacco Compliance Buy Program	Missouri Department of Mental Health, Division of Alcohol and Drug Abuse	I believe that their proposal will work within the current system so that FDA enforcement will work hand-in-hand with youth access enforcement.
New Hampshire	SAMHSA/Bureau of Alcohol and Drug Services with a MOU with the Bureau of Liquor Enforcement	Bureau of Liquor Enforcement	Bureau of Liquor Enforcement	Yes, with TA from NH TPCP
Nebraska	Nebraska Department of Health and Human Services, Division of Behavioral Health	Nebraska State Patrol, via a contract from the Nebraska Department of Health and Human Services Division of Behavioral Health	The determination that was made was that due to the short time line, the strong likelihood of no state agency being able to hire any new employees to coordinate this effort, that we would wait until the next RFA came out so it was determined we would not submit a proposal at this time.	The vision here would be to have the Nebraska State Patrol do both Synar enforcement and compliance checks and the FDA enforcement as well.

Oklahoma	Alcoholic Beverage Laws Enforcement (ABLE) Commission	ABLE Commission and local law enforcement	ABLE Commission	Yes.
North Dakota	Department of Human Services	Local public health (only if they have a youth ordinance)	I do not know	N/A
South Dakota	Department of Human Services, Division of Alcohol and Drug Abuse (DHS-DADA)	DHS-DADA	DHS-DADA	Yes, but the actual enforcement and compliance checks are contracted.
Washington	Department of Social and Health Services	Both local health departments and the state Liquor Control Board	Liquor Control Board will submit the application. DOH is assisting with writing the application.	Washington State is looking at the potential to leverage FDA and Synar checks and may alter the responsibility of completing Synar checks to have them done by the same agency as FDA checks.
West Virginia	A dual role between State ABCA and Office of Behavioral Health Services (although OBHS is ultimately responsible for Synar).	ABCA performs “year round checks” and is charged with maintaining a retailer education program, OBHS performs actual annual Synar compliance checks.	Our Division of Tobacco Prevention (DTP) has put forth some thoughts and suggestions. Some planning meetings facilitated by OBHS for the FDA enforcement application have apparently occurred (but our DTP was not officially involved in this meeting).	See response at left.
