

Webinar (Free)
**New Developments in the Tobacco Use Supplement
to the Current Population Survey (TUS-CPS)**

**Tuesday, September 17, 2013
1:30–3:30pm ET**

This webinar will cover new developments in the TUS-CPS, including new linkages, best practices for accessing and analyzing the data, and the release of the 2010/2011 wave and longitudinal data.

The National Cancer Institute invites anyone interested in learning more about the TUS-CPS — including new users, veteran users, and those who have attended previous TUS-CPS Users' Workshops — to participate.

Speakers:

Anne Hartman, *Applied Research Program, DCCPS, NCI*
Benmei Liu, *Surveillance Research Program, DCCPS, NCI*
Sean Altekruise, *Surveillance Research Program, DCCPS, NCI*
Todd Gibson, *Information Management Services, Inc.*

Moderated by:

Gordon Willis, *Applied Research Program, DCCPS, NCI*

To register (deadline is **September 16 at 1:30pm**):
